History of corner establishment since Original Government Survey

Kennedy was here in 1937. His notes appear to state that he set an iron rod at this corner with mound and pit.

Description of corner evidence found:

We could not find any iron rod. It may have been destroyed as it is very close to a trail. However, found what was left of what seems to be a pit and mound. Set a 1¼"x6' hexagon iron bar with cylinder and hole on top 8"±. Fits projection of the SW and W¼ corners of Section 9 within a foot, plus or minus, for both distance and bearing.
