History of corner establishment since Original Government Survey

I believe W. Kenyon visited and monumented this corner on 20 June 1895. He set a post and established two bearing trees.

Description of corner evidence found:

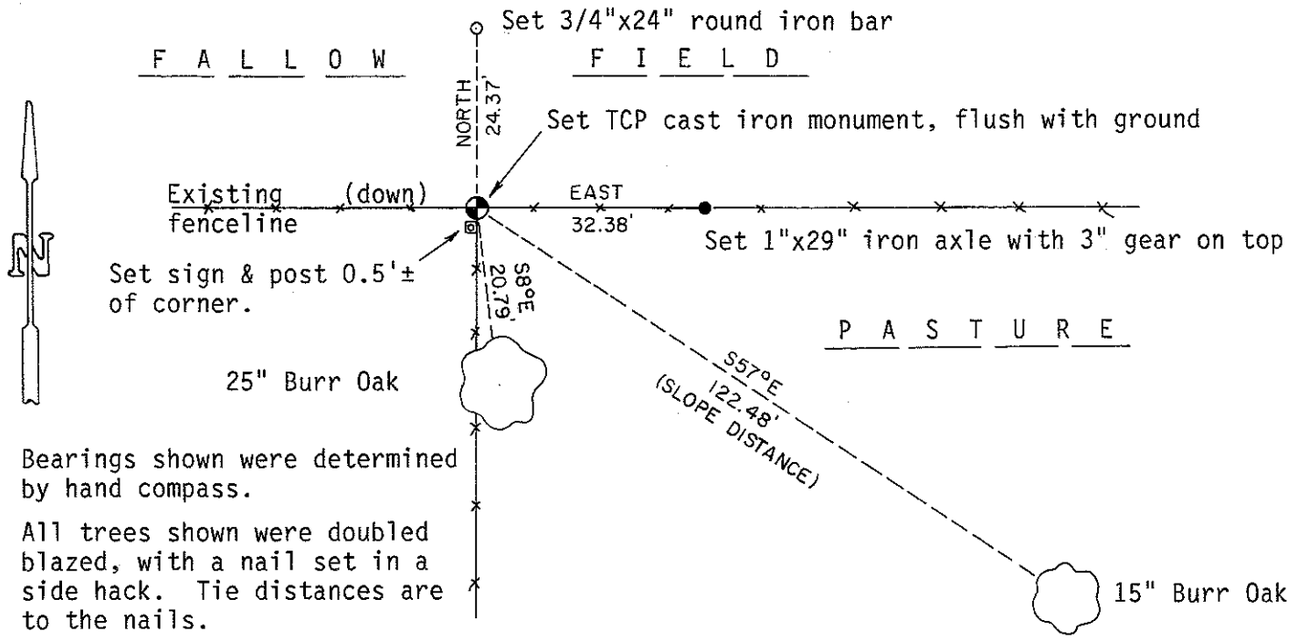
I found an existing fence corner of occupation, with fence running East, South and West. Kenyon's bearing trees of record were gone. Accepted the existing fence corner as the best available evidence.

Description of corner and witness monuments, reference marks and accessories used to perpetuate the original or re-established location of this corner:

Witnesses to corner location:

Douglas J. Malliet, R.L.S.

Bryan H. Meyer, R.L.S.



Bearings shown were determined by hand compass.

All trees shown were doubled blazed, with a nail set in a side hack. Tie distances are to the nails.
