Dated this 6th day of Feb. 1995.

 Title

History of corner establishment since Original Government Survey

No known recorded history since the original government survey.

Description of corner evidence found:

Accepted old fence corner occupation as best available evidence, fits other corners in the section extremely well.

Although there is no recorded history of a survey in this section since the original notes, I believe past surveying must have been done, as the existing fences both on the exterior and interior of the section fit as good as I have seen in my years of surveying.

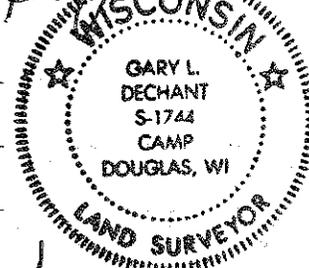

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Witnesses to corner location:
