History of corner establishment since Original Government Survey

We ran an extensive EDM traverse of Section 27, T16N, R1E, tying together all the visible physical feathers that could be found. This corner was established and set by section construction by single proporinate maesure from the existing calls found in the field.

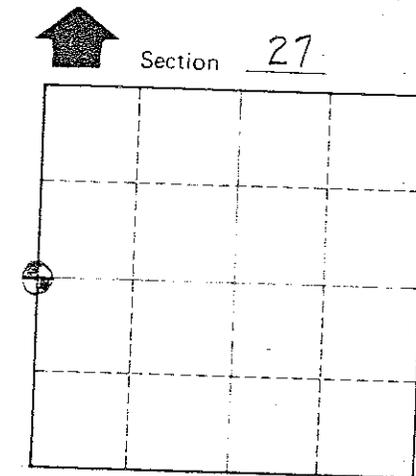

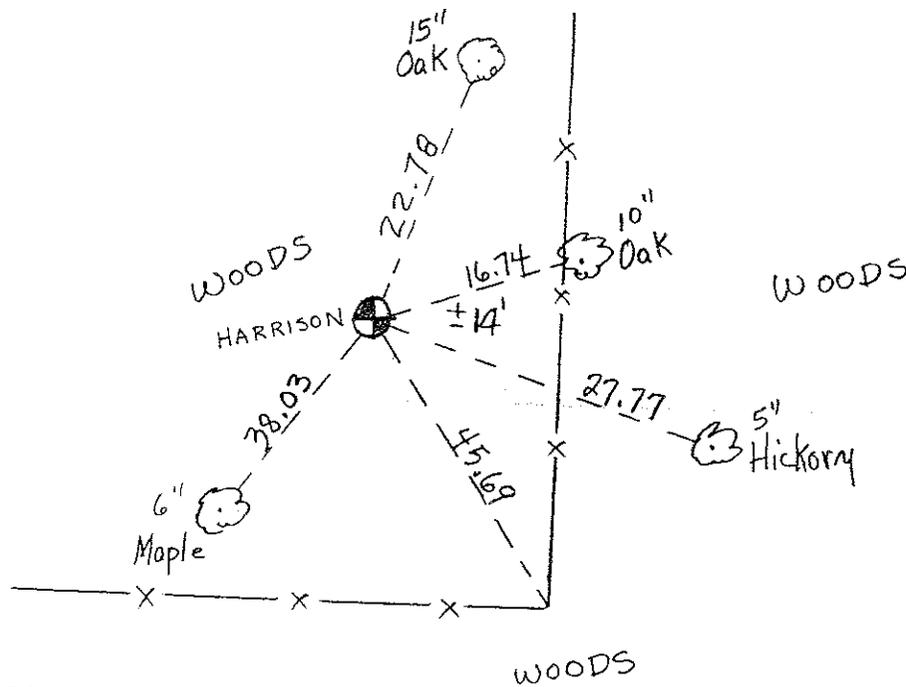

Description of corner evidence found:

When we were digging for the monument placement we found old loop end wire as evidence that at some time there was a corner here.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Witnesses to corner location:

Mike Carroll  
Dan Carroll
