CERTIFIED LAND CORNER

History of corner establishment since Original Government Survey

John Dunn established this corner in October 1846.

Description of corner evidence found:

The only occupation at this corner is a partial East/West fence, mostly down. There is an established corner at the Center of Section 34 to the South.

I intersected the S 1/4 Corner and Center of Section 34 with the East/West fence and set a TCP Monument at this point. It compares to the fence at the Center of Section 27 to within inches.
