

CERTIFICATE

I, Nicholas M. Hillmer, do hereby certify that this document and the data contained herein was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor under the laws of the State of Wisconsin.

Dated this 23rd day of May, 2013

Nicholas M. Hillmer, P.L.S. 2909
Anderson Engineering of Minnesota, LLC.

CERTIFIED LAND CORNER

History of corner established since Original Government Survey

Fred Holden shows bearing trees for this corner in his notes of a April 1902 survey. In September of 1981 William Jung accepted an old occupied corner as the best available evidence of the original government corner. The distance south to the east quarter corner is long (2681.08). The old Fort McCoy survey notes show the McCoy surveyors found evidence of a fence about 1339 feet south of this corner. $2681.08/2 = 1340.54$, which would check close to the 1339 feet and would verify the long 1/2 mile measurement. Jung set a Harrison monument at the intersection of an old wire fence to the north and a wind row to the east and dug pits to the north, south, east, and west.

Description of evidence found

On February 7th, 2013, Anderson Engineering of Minnesota located the Harrison monument flush with the ground in a mound 0.7 feet east of a 4x4 square wooden post with survey marker sign. Pits were found on the north, south, east, and west sides of the mound.

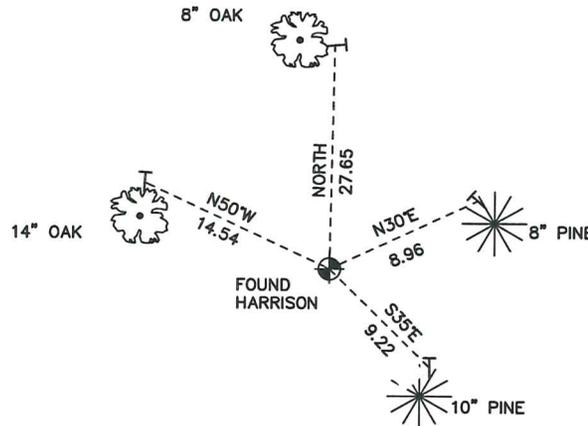

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:
Witnesses to corner location:

Nick Hillmer
Josh Oslund
Dan Greenwald

CERTIFIED LAND CORNER

No. 109

21703290000

I, William C. Jung, do hereby certify that on the 3rd day of September 1981, I found (evidence) ~~(evidence)~~ of the NE corner of Section 32, T 17 N, R 3 W Fourth Principal Meridian, and I re-established said corner according to the Wisconsin Statutes as shown and described hereon.

Dated this 24th day of Sept. 1981.

William C. Jung, R.L.S. 1323

County Surveyor's Office

Title

William C. Jung

History of corner establishment since Original Government Survey

Fred Holden shows bearing trees for this corner in his notes of a April, 1902 survey.

Description of corner evidence found:

Accepted the evidence of an old occupied corner as the best available evidence of the original government corner. The distance South to the East 1/4 corner is long (2681.08). However, retracing the old Fort McCoy survey notes shows that the McCoy surveyors found evidence of a fence about 1339'± South of this corner. $\frac{2681.08}{2} = 1340.54$ This would check very close to the 1339' and as such would verify the long 1/2 mile measurement.

COUNTY SURVEYOR FORM NO. 1

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Witnesses to corner location:

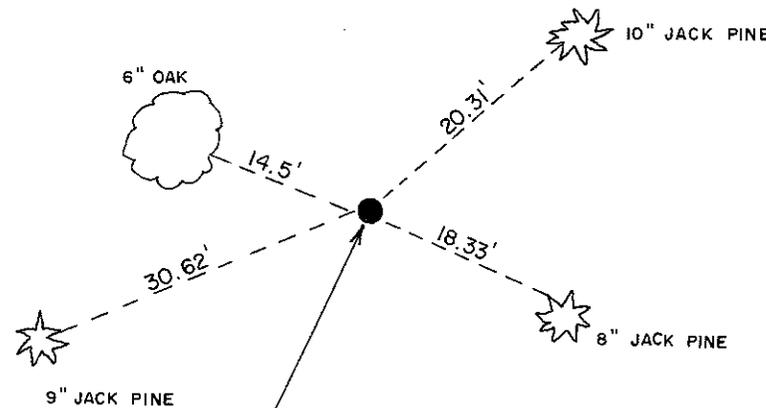

W. Jung

C. Pietz

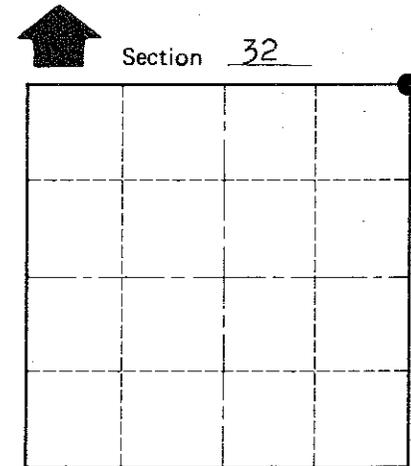

G. Dechant

NOTES: (1) Trees are blazed with nails set.
(2) Dug pits N-S-E-W of Harrison.

SET HARRISON AT INTERSECTION OF OLD WIRE TO THE NORTH AND WIND ROW TO THE EAST, SET CEDAR POST 1'± WEST WITH SIGN. SET OLD BEER BOTTLE BY POST
