page 3

21704212020

I, Harley A. Sime, do hereby certify that on the 28th day of January 1976, I found (evidence) ~~(no evidence)~~ of the Center corner of Section 21, T17 N, R 4 W, Fourth Principal Meridian, and I re-established said corner according to the Wisconsin Statutes as shown and described hereon.

Dated this 29th day of Jan. 1976.

Harley A. Sime
County Surveyor
Title

History of original corner establishment:

In April, 1895, Henry Schroeder surveyed the NW $\frac{1}{4}$ of Section 21. In this survey he went from the N $\frac{1}{4}$ cor. of Sec. 21 South to an existing post at the C $\frac{1}{4}$ cor. of Sec. 21. He then placed a stone at this corner.

Description of corner evidence found:

After resurveying Section 21, and evaluating existing monuments, field occupation, Schroeder's notes, and aerial photos, it is the opinion of this surveyor that the Center 1/4 corner that Schroeder found had been established in an irregular manner, probably by one of the two methods set down by law in 1860 and 1862 and later changed. Field measurements show this to have been highly probable. The C $\frac{1}{4}$ cor. was thus established using Schroeder's notes and present field evidence. See the miscellaneous sheet following this corner sheet for more data concerning this matter.

Note: This corner falls under reinforced concrete, so no attempt was made to dig for the stone at this time. The corner as set however in our opinion is correct.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

The corner is a chiselled cross("x") in the concrete.
There is a P.K. nail N16°14'15"E, 8.0 ft. from the cor.
The P.K. is merely a survey point.
Witnesses to corner location:

W.C. Jung - Crew Chief W.C. Jung
D. Malliet

Replaced chis. cross With 1 1/4" x 12" Iron Bar
On 7-12-91. Crew: Kenworthy - Kostka
Comments Also obtained add'l ties
