History of original corner establishment:

Description of corner evidence found:

Found existing 1" x 1" iron bar from previous survey next to a 10" Oak tree with some old wire thru the middle. Measurements to this iron agreed quite well with adjacent sections. The iron bar was imbedded in the tree roots so it was not replaced with a new monument.
This monument appears to be a buggy axle set by F. Holden.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

1" x 1" iron bar up 12". Accessories shown below.
