**WAIVER AGREEMENT
CHAPTER A-E 7
MINIMUM STANDARDS FOR PROPERTY SURVEYS**

The Wisconsin Administrative Code Chapter A-E 7 sets forth minimum standards for property surveys. The term "property survey" is given a broad definition under this chapter, to include "any land surveying which includes as one of its principal purposes describing, monumenting, locating the boundary lines of or mapping one or more parcels of land...."

You have a right, however, to order work which may fall below these standards. The work I will perform on your project is as follows:

Description of Work:

Prepare a Parcel description for a Water Service Agreement.

This work will meet the minimum standards for property surveys, except in the following respects:

A-E 7.03 BOUNDARY LOCATION: Would require monumenting the corners of the parcel. It is our agreement that not all the corners of the parcel will be monumented in conjunction with this project.

I understand and agree with the description of work to be done by Vierbicher Associates, Inc., Kenneth A. Vicker, Wisconsin Registered Land Surveyor S - 1932.
