History of corner establishment since Original Government Survey

Duane Marten set an iron bar at this corner in August of 1971. Mosher used this iron bar as the corner in his survey of Sept., 1977.

<sup>3/4</sup>" Description of corner evidence found:

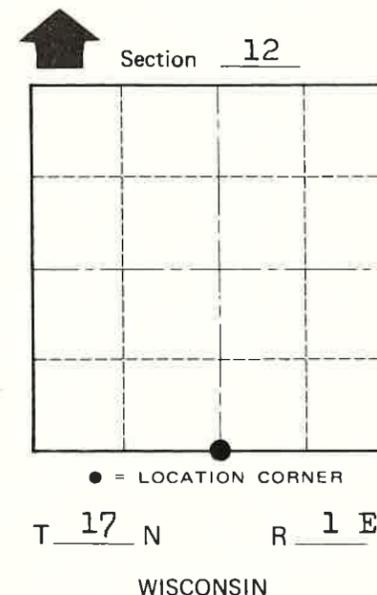

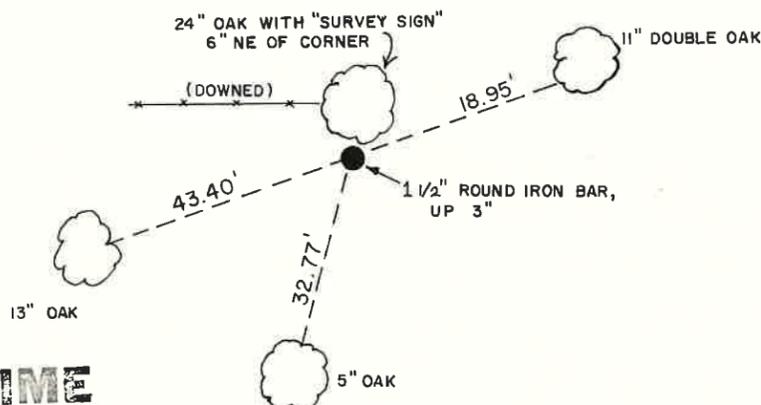

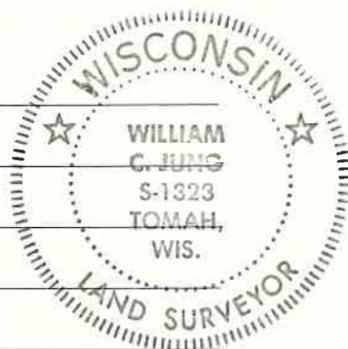

Found an iron bar at the old occupied corner, removed it and replaced it with a 1 1/2"x30" round iron bar. A Harrison could not be set because of tree roots. Accepted this iron bar and the old fence corner as the best available evidence of the original government corner.
