Living My Dream

As a student with a disability, how do I prepare for life *after* high school?

Student, Family, and Teacher Information on Transition, Publicly Funded Long Term Care, Integrated Employment, and Achieving Personal Goals after High School in Wisconsin Counties with

Family Care and IRIS

Transition Planning

Completing high school is a very important time for all students. This is especially true for students with disabilities as they move from high school to adult life.

What options and supports are available for students after high school? How do students plan for going to work, independent living, and postsecondary education and training? These questions are part of the *transition planning* process.

Key Players in Transition Planning

- Students
- Parents/Guardians
- Teachers

- Information and access to publicly funded long term care benefits and options if eligible.
- ADRC services can be provided in person, via telephone, or through a home visit.

To apply for benefits, at age 17yrs & 6mos contact the ADRC of

Ph.

Publicly Funded Long Term Care

Long Term Care (LTC) is any service or support that a person may need as a result of a disability that limits the ability to do the things that people need to do throughout the course of the day. This includes bathing, getting dressed, making meals, going to work and paying bills. Publicly funded services compliment your natural supports and community connections.

Options for Publicly Funded Long Term Care

The following programs may be available to help you with your long term care needs:

This program provides assistance with coordination of LTC services and uses personal Medicare or Medicaid card to pay doctor and prescription drugs.

Within a budget, Self-Direct all LTC Services including recruiting, hiring, and scheduling or purchasing services from an agency provider.

Medicaid (Title 19) "Forward" Card

Use your Medicaid (Title 19) "Forward" card for doctor's visits and other health services.
