History of corner establishment since Original Government Survey

No known history of corner establishment since Original Government Survey.

Description of corner evidence found:

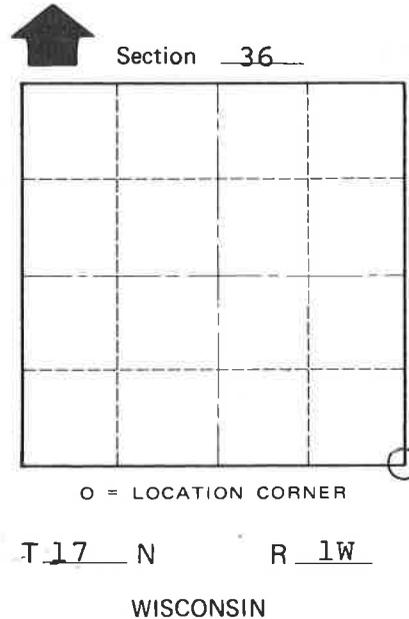

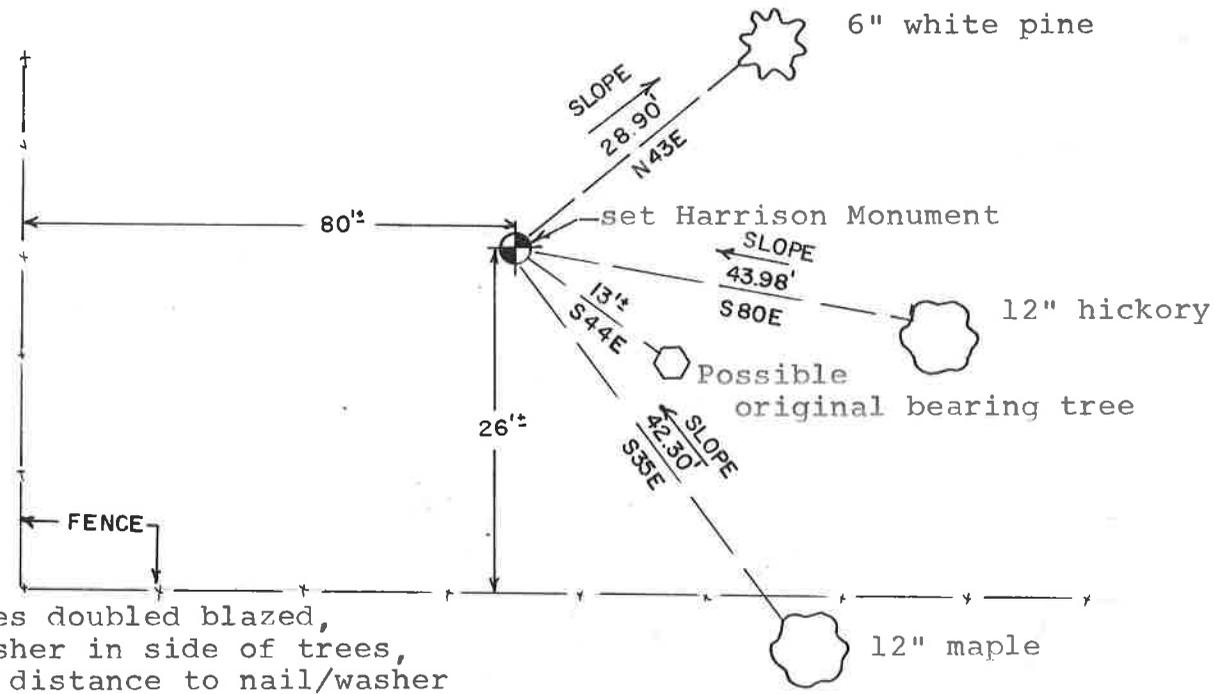

Set by projecting line South from E $\frac{1}{4}$ Section 25 to E $\frac{1}{4}$ Section 36, T17N - R1W and at proportionate distances between the E $\frac{1}{4}$ Section 25, T17N - R1W and the E $\frac{1}{4}$ Section 1, T16N - R1W. This fits conditions very well. The distance from this corner (SE 36) to the S $\frac{1}{4}$ Section 31, T17N - R1E fits the original government notes within 3'+ and also by further subdivision of the East line of Section 36 the NE corner of the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36 falls 2'+ South of a down East-West fence line. It also fits half mile distance to the west reasonably well.

Description of corner and witness monuments, references and accessories used to perpetuate the original or re-established location of this corner:

Witnesses to corner location:
